

# THE DRAGON MASK

The Dragon mask is made from one 22" x 28" piece of green construction paper. The teeth are made using yellow construction paper. That's because dragons do not brush their teeth!

- 1) Measure and copy using the pattern as your guide.
- 2) Cut on the solid lines.
- 3) Fold on the dotted lines.
- 4) Overlap and glue the folded tabs to form a box shape.
- 5) Cut out two sets of teeth and tape inside the dragon's mouth.
